We want you to take a minute right now just to vent.

Because we've been in your shoes before and we know exactly how frustrating it is.

You feel distant from God. You're in a time of "quiet" and wish that God would speak more clearly to you. You feel a calling, but are unsure of the steps you need to take. You want to grow closer to God, but have no starting point or community that reaches out to you.

But when people can't figure out an actual solution for deepening their faith, they just end up staying stagnant.

That's the exact opposite of what you should be doing.

You should be seeking out a community of believers that are just as hungry to dive into scripture as you are—a place where you can ask questions, get answers, and hold deep conversations with others. You need a place where you can grow your faith at your own pace and dive into the Word with tools provided to you from expert sources.

Sounds great, right? But here's the problem...

You might not know where to find all of those things.

That's why Faith+Lead created "**The Gospel of Matthew: Life in the Way of God.**" It's an online course packed with insightful resources covering the whole book of Matthew, as well as interactive lectures and questions to engage with the reading. You'll have the opportunity to engage with other people through online discussions and gain insight to different perspectives and walks of life.

You don't need to keep fighting the same frustrations and problems. Venting is great. It's healthy. But you know what's even better?

Taking action.

See you soon!
